LINING 'EM OUT

They do say Hank O'Day is still an umpire at heart. He never balks at an umpire, no matter what they hand him, and he won't let his players rag a czar.

Once in a while, though, nature explodes in Heine Zimmerman and he blows off at an ump. That usually costs Heine fifty beans, but he feels that much better for it.

Nobody has been dead sure of the Giants repeating since it took them twenty-one innings to beat Pittsburgh and Pittsburgh turned right around and licked them in nine.

If they oust Brown as manager of the St. Louis Feds, it is said he will be kept on as scout, utility man and general aide. His lion-hearted start of the new league at the start is said to be appreciated.

Maybe, we'll wait and see what the guys who shell out really do. We have a suspicion that all magistrates are alike, except Comiskey. They do say he has a thought now and then that he has entirely to do with sport and nothing whatever with the box office.

They put five stitches in Ray Demmitt's chin and three stitches in George Weaver's head after their recent collision, but what a few stitches to a pair of Sox?

Clyde Milan has a broken jaw. That's what comes of trying to make one ordinary human mouth express exactly what a ballplayer thinks of an umpire.

George Kircher, the Atlanta utility man and comic coacher, didn't know what a baseball game was until he was 16, and didn't know until this season that he was a funny man. George seems slow to size himself up, but goes well when he starts. He began life as a butcher boy.

Hans Wagner has also fallen for golf. Hans may introduce something new to the game. They are strong for "form" in golf. Hans never has had any "form" in the field or at bat, but he gets there just the same.

Umpire Klem went along until June 24 without chasing a player from the field. But on June 25 he happened to be umpiring a game in which Heine Zimmerman played.

Heine Groh, of the Reds, has a position at the plate that differs greatly from the stand of any other player. He faces the pitcher squarely, but as soon as the ball is pitched Heine begins to shift and he is in good position when he makes his swing.

The rise and fall and general drift of ball players has been commented upon before. Many of the stars of the game have been sent back and then have returned as budding wonders. The latest additions are Cree and Derrick. The Athletics gave Derrick a two-year trial and found him wanting. Chance gave him another trial and found him worse. Then, after passing to the minors, he is back in at \$10,000 and rated the best minor league shortstop of the year.

Probably 30 per cent of the ball players in the majors have been sent back at one time or another as being under. These fall back into the minor leagues, where their experience in the big leagues has helped them develop and has imparted added confidence, and they are soon moving like gray streaks. In these stirring days, and equally stirring times, however, a ball player has to look considerably like a piece of junk before he is cast off. Talent has grown too scarce with the three leagues in the field to take a chance. Any able-bodied bloke with a pair of legs, one whole eye and one undamaged arm is liable to be seized and shanghaied at any moment for the service of the game. Don't take a chance on throwing or catching a baseball unless you desire to see big league service. You are in danger of being overpowered by a scout and dumped into the box score at a moment's notice.

"If we owned a ball club and had the pick of one outfielder it is more than a matter of doubt as to whether we would take any outfielder in the game, barring Cobb in preference to Burns. The Giant star is batting over .300—above both Speaker and Milan. He has stolen more bases than any one of the four and has scored more runs. In addition to that, he is a brilliant outfielder, better than Cobb or Jackson, and on a par with Speaker and Milan. He is fast as a streak, has a great arm and is never hurt or out of condition. He hasn't as much temperament as some of the others, but he plays as good baseball. Burns is undoubtedly the greatest all-around outfielder the National has known in many years."

After the St. Louis pair comes Washington with Milan and Gaudil. They have a joint mark of .284, with 153 hits in 559 at bats. Boston, with Speaker and Lewis, has a .281 set, this representing 155 hits in 551 at bats. Demmitt and John Collins of the White Sox can show only a percentage of .271. In 576 at bats they grabbed 158 hits.

SOX LICK BROWNS:
FLYING BAT HURTS
WILLIAM MEARNS

The Red Sox defeated the Old Albionians living at Hopewell field yesterday, 5 to 2. It was the first game of the season for the Browns. Sears and Stumpf were the Sox batters and Chavez and Guevara worked for the Browns.

During the game William Mearns, proprietor of the Savoy hotel, was injured while watching the contest from the sidelines. A bat, tossed to one side by Haynes, of the Sox, struck Mearns on the forehead, knocking him senseless and cutting a gash in his temple. He was revived and the cut was dressed at a physician's office.

WAR

(Continued from Page One.)

on both sides were serious.

The official communication adds that the German troops are receiving reinforcements and that the French also are being strengthened.

A battle was fought on Saturday evening in the ridges of the Vosges mountains. Aeroplanes took part. The French troops after a desperate encounter obtained possession of the mountain passes of Bonhomme and Sainte Marie. Then on Sunday morning when the fighting was resumed they took a position dominating Sainte Marie-aux-Mines.

The French losses in the taking of Sainte Marie are not specifically given in the official report, which confines itself to declaring they were serious.

The wounded French and German soldiers were taken to the French fortress of Epinal for treatment.

A French aeroplane which ascended during the engagement was repeatedly fired at. The officer who was acting as observer of the German movements received a bullet in the hip. The pilot of the machine, however, brought him safely to the ground and he was able to return to Heliport, whether the aeroplane was sent for repairs.

The German troops invaded the valley of the Sella, hoping by this means to stop the advance of the French, but the quantity of water was not sufficient and the French troops were able to continue their march.

The French today were in force on the outskirts of the forest of Hardt, in front of Neu Brebach, which appears to be occupied in force.

It is officially announced that the French losses in the fighting at Altkirch do not exceed 100 killed and wounded.

REPORT AGITATION IN
BERLIN AGAINST KAISER

A special to the Mirror from Brussels says that two strangers who arrived from Berlin, which city they had left with some difficulty, declared they had witnessed an agitation against the emperor in the German capital. They said that in the Avenue of Tilleuls they heard cries of "Down with the emperor," and "Down with the crown prince."

The Belgian government has printed and distributed among its soldiers description of the designs of all uniforms worn by French and English troops.

BELGIANS COMPLAIN BITTERLY
OF GERMAN OUTRAGES

Brussels, Aug. 10, via Paris, 6:15 a. m.—The Belgian general staff today says the situation in regard to the Germans has modified but little since Saturday. However, the German forces are said to be going backwards before the advance of the French troops, a considerable effective force of which has got into contact with the German advance guard. It is reported that the entire territory to the south of Muese has been cleared of German soldiers. The French and Belgian armies will take the offensive simultaneously in conformity with a concerted plan of campaign.

The emperor of Russia has telegraphed King Albert expressing sincere admiration of the bravery of the Belgian army and the best wishes for Belgium in its contest for independence.

After the German troops reached Warrage, in the province of Liege, according to people who saw their arrival, they assembled all the inhabitants and chose fourteen from among them. Of these eight are said to have been shot and two hanged. The mayor himself was arrested but afterward liberated by German officers who had been his guests the day before.

Other instances of alleged outrages by German soldiers are related in the Belgian governmental press.

GERMAN CAVALRY IN FLIGHT
BEFORE FRENCH ADVANCE

Brussels, Aug. 10, 6:15 a. m., via London, Aug. 10, 11:20 a. m.—Reports reached here today from many directions of the retreat of the German cavalry before large French forces which are said already to have cleared considerable territory. The locality of the fighting is not revealed.

In official circles here it was asserted that there had been no further battle in the vicinity of Liege or the town itself.

No big engagement between the allied armies and the German troops is expected on Belgium soil until the French and Belgian combined forces take the offensive.

It is asserted here that after 200 German soldiers occupying a farm at Solren near Pepinster, in the province of Liege, had been fired on by three workmen, the village was given over to pillage by the German troops and the three workmen were shot by a firing squad.

The Germans are proceeding into France chiefly through Ech, a town of the grand duchy of Luxembourg, ten miles southwest of Luxembourg, where they have cut down trees and dug trenches.

They have razed the village of Merl.

Wooden platforms 400 yards long for the unloading of horses and guns have been constructed.

EIGHT AUSTRIAN REGIMENTS
HEADED FOR ALSACE

Rome, Aug. 10, via Paris, 5:30 a. m.—Eight Austrian regiments are reported to have crossed Lake Constance en route for Alsace.

An Austrian fleet of thirteen battleships and sixteen torpedo boats is said to be going at full steam toward the Strait of Otranto, which connects the Adriatic with the Ionian sea. The probable purpose of the fleet is to give support to the German cruisers Goeben and Breslau, which have been reported in that vicinity.

EARLY BULLETINS FROM LONDON ON GENERAL SITUATION
London, Aug. 10, 9:15 a. m.—The Prince of Wales left Buckingham palace this morning to join the battalion of the Grenadier guards to which he has been assigned. He is to be stationed at the Warley barracks, Brentwood.

The Home correspondent of the Exchange Telegraph company says according to dispatches from Vienna the Montenegrins yesterday bombarded the Austrian fortifications of San Teodo and Cattaro, without, however, inflicting serious damage.

The Belgian legation here declared

at 10 o'clock this morning, in connection with the siege of Liege: "Up to the present all is right at Liege. The forts are still holding out."

Empress Eugenie of France, today sent to Queen Mother Alexandra a subscription of \$1,000 for Red Cross work.

A dispatch from Rome to the Daily Chronicle says the Austrian steamer Nager, laden with dynamite and live projectiles, is reported to be trying to penetrate the Adriatic sea. It is suspected that her mission is to replenish the munitions of the German cruisers Goeben and Breslau.

London, Aug. 10, 2:10 p. m.—A telegram from Charleroi, Belgium, to the Daily Mail, dispatched on Sunday night, says a force of French troops arrived in time to participate in a fine success of General Lemaitre's Belgian division over the German troops invading Liege.

The correspondent adds: "The French succeeded in reaching the town of Liege and working behind the Germans cut off their retreat."

"The Germans are said to have lost 8,000 killed and wounded while 1,700 were captured. I give the figures under reserve."

FRENCH AMBASSADOR AT
VIENNA TAKES LEAVE

London, 7:35 p. m.—The French ambassador at Vienna has asked for his passports, according to the London Daily Telegraph.

ENGLAND WAITS FOR
AUSTRIA TO DECLARE WAR

London, Aug. 10, 2:05 p. m.—The Austro-Hungarian ambassador was still in London today and the British government seems disposed to leave the initiative to Austria-Hungary in the question as to whether war is to be declared between the two countries.

The delay of the French government in asking Austria-Hungary to declare her intentions is understood in London to have been due to the fact that the French fleet in the Mediterranean was engaged in conveying Algerian troops to France. France therefore was not ready to cope with the situation in case the reply of Austria-Hungary proved unsatisfactory, but on the completion of the transportation of French troops yesterday, the note of inquiry was addressed to the Austro-Hungarian ambassador in Paris.

NO CASUALTY LISTS
PRINTED IN FRANCE

Paris, Aug. 10, 1 p. m.—In order to prevent the German staff obtaining an inkling of the movements of French troops the French government has forbidden the publication of casualty lists. A special office is to be opened in the center of Paris where inquiries made by the families of the soldiers will be answered.

FRENCH BULLETINS MORE
DANGEROUS THAN GERMAN

Belfort, France, Aug. 10.—The French surgeons who have been caring for the wounded in the fighting in Lower Alsace report that the French bullets appear to make more serious wounds than those of the German rifles.

TWO AUSTRIAN STEAMERS
SEIZED AT ANTWERP

Antwerp, via London, Aug. 10, 5:35 p. m.—The Austrian steamers Zora and Praxastus were seized today in the port here.

MUST HAVE SHIPS TO
TAKE ADVANTAGE OF TRADE

New York, Aug. 10.—James A. Farrell, president of the United States steel corporation and chairman of the national foreign trade council, organized to consider commercial problems arising from the war, said before calling a meeting of the council to order today that until the United States could get merchant ships her industries would not be able to take advantage of the increased foreign demand for American products.

The council was prepared to receive a report from a special committee on measures of relief and to appoint a committee to attend the conference of shipping and banking interests called by Secretary McAdoo to meet in Washington Friday.

DUTCH STEAMER ALCOR
SUNK BY SHELL OR MINE

London, Aug. 10, 5:15 p. m.—The Dutch steamer Alcor of 2,000 tons has been sunk and her crew landed at Heligoland. She was bound from Rotterdam for Cronstadt, Russia. There is nothing to show whether she struck a mine or was hit by a shell.

BELGIUM COVERED BY
NETWORK OF GERMAN SPIES

Brussels, Aug. 10.—(Via Paris)—Belgium has been covered with a network of German spies. Six hundred already have been arrested and one hundred were shot today. Some of the Germans captured were wearing uniforms of gendarmes, civil guards, soldiers and officers of the Belgian army. Many of the spies captured were armed with bombs and revolvers and were riding in automobiles bearing false numbers. They also had in their possession telegrams and letters with the counterfeit signature of the Belgian minister of war.

Just before and after the fighting began private signs were discovered on bridges, military works and aqueducts indicating that those structures should be blown up.

Severe precautions have now been taken by the military authorities and no one is admitted at the railway stations without military permits. Automobiles are halted at every mile.
